Customer Accounts, 1843-44

Describes purchases, payments and outstanding balances. Note: Many, if not most, of the pages have been pasted over with newspaper clippings and illustrations, some of which have been hand-colored. Includes pages and loose leaves containing food recipes. Also includes loose correspondence items pertaining to customer accounts (1882). Contains scribbles and pencil drawings on several pages.

Note: one piece of cloth (approx. 24" x 24") was disposed of during processing.

*\* May not be Harrell's Store, but  
a store in Nacogdoches, Tx. Many of the  
customer names show up there in the 1840s  
according to searches in Ancestry.com*
